SUPPLIER PERFORMANCE CRITERIA

April 2012

SUPPLIER PERFORMANCE IMPACT ON SOURCING

Strategic sourcing is a comprehensive approach for locating and sourcing key material suppliers, which often includes the business process of analyzing the total cost associated with procuring an item or service. Our supplier performance criteria drive this total cost of ownership analysis.

Plexus' focus is on developing and maintaining long-term relationships with supply chain partners who can help meet our customer satisfaction goals."

SUPPLIER PERFORMANCE CRITERIA

Metric	 Must Improve	 Meets Target	 Exceeds Target
Delivery to Request Date (DTR)	<75%	≥75% and <85%	≥85%
